TRANSFER PROVISIONS. The state-supported institution of higher education in this act may transfer appropriations between the various line items within each appropriation contained in this appropriation act. Such transfers shall be made only after the approval of the Department of Higher Education and the Chief Fiscal Officer of the State, and the approval of the Legislative Council.

The General Assembly has determined that the institution in this act could be operated more efficiently if some flexibility is given to that institution and that flexibility is being accomplished by providing authority to transfer between items of appropriation made by this act. Since the General Assembly has granted the institution broad powers under the transfer of appropriations, it is both necessary and appropriate that the General Assembly maintain oversight of the utilization of the transfers by requiring prior approval of the Legislative Council in the utilization of the transfer authority. Therefore, the requirement of approval by the Legislative Council is not a severable part of this section. If the requirement of approval by the Legislative Council is ruled unconstitutional by a court of competent jurisdiction, this entire section is void.
